“But the world is full of zanies and fools,

Intermission

The theater department has been working hard to improve our stage, our backstage, our prop room and all things theater at MCS. Last year, we significantly improved our sound and light systems and added backdrop curtains. This year we have updated our 50+ year old spotlight and are adding to the stage lighting system. Additionally, Kyanna Hoekema, has dedicated her senior project to fixing up our prop room downstairs. She has organized all costumes and props, built shelves and new changing rooms, added a stage makeup area, and is still working on completing a renovation of that room. Many of these improvements were made possible by a Reverse Auction at the MCS Tulip Mania 3 years ago. Also, Locati Architects gave a generous grant through the Locati Edge program as a part of Kyanna's senior project. We are also grateful for a handful of other generous donors who have supported our theater program over the years. The theater parents will be serving treats during intermission. Feel free to indulge, and if you would like, you can "pay" for the treats with a donation. All proceeds will go towards our continued efforts in the development of our theater program. Your generous support is much appreciated.
